

S/4

Timo Götte
Management and SAP Consulting

S/4HANA Consulting and SAP Management

The projects are listed in detail in the German profile. This short profile was created for English-speaking readers. Further details can be explained in a personal conversation.

Quick Skill Overview

- Consulting in S/4HANA Purchasing, Warehousing, Production & Logistics
- S/4HANA Program, Team, Cutover, Test, Program & Project Management
- Introduction, SAP Merger, Optimization, Update, Rollout & Harmonization
- S/4HANA Logistics Focus PP & MM plus EWM, CO, QM, PM, SD, FI etc.
- Industry 4.0: MES, IoT Machine Integration, JIT/JIS Flow of Goods etc.
- Integration Knowledge and Experience in many Modules and Systems
- S/4HANA Master Data Migration, Mass Maintenance and Table Analysis
- Solution Manager, ABAP, BASIS, Interface, Audit, SOX and GxP Knowledge
- Intercultural Experiences; mostly in EMEA, North America and Asia

Access to SAP Products & various Systems

- An optimal Basis for Developing and Presenting Topics independent of the Customer System Landscape.
- Solution Manager incl. Focused Build, guided S/4HANA, Fiori App Library, Fieldglass, Ariba, Jam, Launchpad etc.
- SAP Repository, Analysis Diagrams (TCodes, Tables etc.), Expert Chat, OSS Notes, News, SAP Activate etc.
- SAP Academy, Best Practice Explorer, Roadmap Viewer, SAP Translation Tool, Knowledge Base etc.

Author of various SAP S/4HANA Publications

- Current SAP Write Paper and SAP Books can be found at [S4-Experts.com/sap-publications](https://www.s4-experts.com/sap-publications)
- Publisher and Editor of the SAP Online S/4HANA Magazine on [S4-Experts.com](https://www.s4-experts.com)

Main Certification Trainings

- SAP Academy (2021): Certified SAP S/4HANA Project Leader or Manager
- SAP Academy (2019): Certified SAP S/4HANA Architect and Consultant
- Siemens Academy (2010): Certified Project Manager (PMI PMBOK)
- SAP Academy (2008): Certified SAP SCM Consultant (MM & PP)

Trainings serve to complete experience and to build up an overview for cross-module roles. Certificates also offer insight into the career direction of the Freelancer. You can review them at [S4-Experts.com/Timo-Goette](https://www.s4-experts.com/Timo-Goette)

Certification Trainings in Detail

Personnel Management and Soft Skills: Senior advanced training at the Jansen Academy (workshops, mentoring, negotiations etc.) and courses in teamwork, communication, assertiveness, time management, presentations, work techniques & emotional intelligence. Personnel management: SMART target agreements, training courses, performance reviews, orientation talks, salary negotiations, succession planning and employee analyses.

SAP Management Certificates: Project management, test management, S/4HANA project management with "SAP activate" and "focused build", SAP merger and harmonization (company integration), information security, data protection, Excel, risk management, human resource management, ITIL & IT service management.

SAP S/4 HANA Certificates: S/4HANA certification training for the implementation of all modules and their integration. Certifications/courses in-depth about S/4HANA Procurement, Manufacturing, Solution Manager, HANA, Migration Cockpit, Ariba and Fieldglass.

SAP Suite Certificates: ERP & SCM consultant certification (production & logistics) plus certificates regarding ERP system overview, APO overview, MES overview, CRM overview, BI/BW overview, ABAP OO training and PP/MM specialization.

SAP Partner: Due to the direct cooperation with SAP SE, Mr. Götte not only has a certification number (0210008086), but also a P-User, S-User, C-User, SAP SecurID and access to Fieldglass, Ariba, Jam, Solution Manager and guided S/4HANA.

Studies

- TU Carolo-Wilhelmina, Braunschweig, Diploma in Business Informatics
- Principal Subjects: Production, Logistics and Information Systems (ERP)
- Study Paper SAP SCM APO & Diploma Thesis PPS/MES Development

Professional and Business Liability Insurance

- Professional/Pecuniary Loss Liability Insurance: €1.5 Million
- Hiscox Business Liability Insurance: €3,000,000
- Own Damage and Legal Protection Insurance
- Insurance Policy Number.: HV.DSC6695650

SAP S/4HANA Community Associate

Mr. Götte is the operator of the S/4HANA platform S4-Experts.com. He is also active in S/4HANA forums and social network groups. For example, he is the founder of the Xing groups "S/4 HANA Logistics", "SAP Project Manager", "SAP Managers and Executives" and Moderator of the group "SAP Consultants". One of the largest groups within the industry (18,000 posts and 6,200 members).

Project History and Sector Experience

Timo Götte has been working in the production and logistics environment since 2004. In the meantime, he extended his core module knowledge (PP & MM) by comprehensive cross-module and cross-system experience. Industry experience was gained especially in automotive/mechanical engineering (IS-Automotive) including its supplier industry, in trade (IS-Retail) and the regulated health care (IS-Healthcare/IS-Life Sciences). Within projects/permanent positions, he had taken on various roles (Software Developer, Consultant, Test Manager, Project Manager, Program Manager, Team Leader and Manager), which can be simplified to the main areas consulting and management. He was also able to gain experience as a developer. Since many years this is no longer his focus and he just takes over development documentation, quality assurance and error analysis.

- Automotive Supplier (Huf Hülsbeck & Fürst GmbH & Co. KG)
- Chemistry/Surface Engineering (Chemetal/BASF SE)
- Public Service (Federal Office of the Armed Forces)
- Software Development (SAP Germany SE & Co. KG)
- Medical Technology (Siemens Healthcare GmbH)
- Commercial Vehicles (John Deere Corporation)
- Life Sciences (Eprelia/Panasonic Healthcare)
- Drive and Automation Technology (Lenze SE)
- Commercial Vehicles (MAN Truck & Bus AG)
- Medical Technology/Optics (Carl Zeiss AG)
- Automotive Supplier (Federal Mogul LLC)
- Automotive Supplier (NKT Cables GmbH)
- Pharma/Biotechnology (Octapharma AG)
- Management Consultancy (Siemens AG)
- Aerospace Industry (Collins Aerospace)
- Management Consultancy (ATOS SE)
- Production Consulting (IAP GmbH)
- Steel Production (Salzgitter AG)
- Consulting Company (SNP SE)
- Trade (Edeka AG & CO. KG)
- Cars (Volkswagen AG)

Experiences in Keywords

- **Logistics (MM):** Sourcing & procurement (S&P), procure-to-pay (P2P), Purchasing (MM-PUR), Scheduling Agreement Processing, subcontracting, stock transfer intercompany), consignment, drop shipping, service procurement (MM-SRV), limit orders, invoicing plans, release workflows, supplier evaluation, returns, invoice verification (MM-IV), MRP (MM-CBP), material coverage monitor (MDM), quotation, release procedures, workflows, tendering process (request for proposals & proposition), purchasing information system (MM-IS), inventory management (MM-IM), Business Partner (BP), stock taking, warehouse management system integration (MM-IM with eEWM) etc.
- **Production (PP):** Plan-to-produce (PTP), demand-to-delivery (D2D), program planning, production planning and production control (PPS), shop floor control, manufacturing (MFG), production strategies, make-to-stock (MTS), make-to-order (MTO), make-to-delivery (MTD), forecast-to-stock (F2S), make-to-stock (M2S), make-to-order (M2O), joint production, assembly production, KANBAN, design to operate" (production and supply chain), production according to delivery schedule schedules (FTS), EWM advanced production integration, EWM production control via RF scanner apps and GUI, production planning and detailed scheduling (PP/DS), material requirements planning (PP-MRP), capacity planning (PP-CRP), production control (SFC), product cost planning, standard price update, cost unit accounting, internal orders, period-end closing, WIP, overhead, production order accounting, availability check (ATP), batch and serial numbers, just in sequence/time etc. as well as partial (!) insight into SOP, LO-VC, P P-PI, gATP, aATP, REM, PDS, iPPE & FDA GxP.
- **Project Management:** Greenfield (new implementation), (partly) brownfield (system conversion), bluefield, landscape transformation, agile and classic projects, WRICEF, BPML, MVP, SAP Solution Manager (SolMan Focused Build, ChaRM, Tests, Process and Solution Documentation), blueprinting, business process modeling (BPMN), template development/validation, feasibility studies, conception, prototyping, specification, UATs, cutover, carve-outs, post merger integration, M&A, change management, S/4HANA single point of contact (SPOC), Stakeholder management, implementation of SAP outsourcing and experience with IT delivery models (onshore, offshore & nearshore), best practices, MS teams, SharePoint, cutover plan creation, hypercare, warehouse logistics and factory layout reengineering regarding spin-out of a product range, plant - and company integrations etc.
- **Business Architect:** Overall process understanding including accounting, strategic and multi-perspective way of thinking, but not a specialist in all modules!
 - **Processes:** QM, SD, PM, FI, CO, GTS, Fieldglass, Ariba, IS-H, IS-R, IS-A, IS- MP etc.
 - **EWM:** Inbound delivery, handling unit management (HUM), advanced production integration, production material requirements (PMR), production supply areas (PSA), staging, replenishment, KANBAN, resources, RF apps, warehouse monitor, inventory, warehouse layout, stock transfer, scrapping, delivery, mass maintenance Etc.
 - **MES:** ShopFloor systems, e. g. manufacturing execution systems, machine integration, machine data acquisition, system integration, human-machine interfaces (MMS, HMI or MMI), KPI reporting/tracking, BDE, M2M, MDE, JIT/JIS, QMS, SCADA, SPS, OEE, ILVS, PlantStar, Hydra, WorkSense, Linelogix, various in-house developments, etc.
 - **SCM:** APO (gATP, PP/DS, SNP & CIF), ICH (VMI) & EWM
- **IT Architect** (no developer): More than 20 years of IT experience, but ultimately not a developer and only a consultant who has already done quite a bit and is very interested. IDoc, ALE, EDI, BAPI, BADI, Industrial Internet of Things (IoT or IIoT), REST, HTTP, HTML, JSON, XML, FTP, Seeburger, NetWeaver (PI, PO & XI), KepServer, PLC, oData, LSMW, Batch Input, TCP/IP, RFC, Query, Fiori (SAPUI5), SAPScript, OPC UA, SmartForms, SAP Workflows, Debugging, ABAP OO, Java, SQL, Labels, Forms, QR Codes, Barcodes, RFID, Classification (CA -CL), message determination (NACE), BASIS, GRC etc.
- **Management Consultant:** I stay in the background and am not interested in social challenges (conflict management etc.). I prefer to rack my brains over the details, think in the "big" context, collect the necessary information, prepare it and advise my contact person in a trusting manner. I have already worked with the management in medium-sized companies and I am interested in the strategic further development of companies.
